

LONGPORT POLICE DEPARTMENT

BICYCLE REGISTRATION

The NCIC computer is a nationwide criminal justice information computer that allows each police department to enter stolen items such as vehicles, bicycles, license plates, etc. Once the item is entered, any police department who recovers any item can enter the description and serial number into the computer and ascertain if the item has been reported stolen by another department.

In order to enter your bicycle into the NCIC computer, the following information is needed:

BICYCLE INFORMATION

Make of bicycle		Size:
Model:		MENS' BOYS' LADIES' GIRLS'
Color:		
Serial Number:		
Accessories:		
Approx. Value:		

BICYCLE OWNER INFORMATION

Please print neatly

<i>Name</i>	
<i>Local Address</i>	
<i>Local Phone Number</i>	
<i>Out of town address</i>	
<i>Out of town ph #</i>	

The LONGPORT POLICE DEPARTMENT would like to remind you to lock your bicycle at all times no matter where the bicycle is stored or parked temporarily.
